

GLAND ACCESSORIES

Locknuts

Locknuts are recommended to use with cable glands to secure it to a gland plate or to equipment.

It is highly recommended to use brass locknut with gland for all the atmospheric conditions.

Sizes available from 16mm to 90mm
(Imperial and PG sizes also available)

Earth Tags

Earth tags are installed between the cable gland and equipment to provide earth continuity as specified in BS 6121 Part 5, 1993

Sizes available from 16mm to 90mm

PVC Shroud

The shroud are recommended to use with all cable glands to provide additional ingress protection and to minimize the risk of dirt or any foreign substance gathering around gland body.

PVC Shrouds are denoted by gland reference number and are compatible with each glands size.
