Electroline Manufacturing Company

By the help and grace of Allah, Electroline Factory for Electrical & Mechanical Industries, has been established in the City of Yanbu based on the fruit of the experiences of elite engineers and professional employees who are fully supervising all manufacturing phases to ensure high quality and conformity with Saudi, Gulf and International standards.

In order to achieve our goal, we have dedicated our abilities and capabilities via ownership and operation of state-of-the-art machines.

Therefore, we have decided to work hand in hand along with our customers inside and outside the kingdom for supporting them technologically and technically with our all technological and technical capacities and abilities to overcome any difficulties that might be faced by them, God forbid, in finalizing their projects on time.

According, projects managers, designers, and consultants will find out that the systems of Cable Glands, Lugs, Earthing & lightning are very easy in terms of installation and saving time and effort too.

Looking forward to serving you properly always....
